Traffic School Information

Approximately two weeks prior to your appearance date, you may receive a courtesy notice from the court in the mail. This notice will tell you if you may be eligible to attend traffic school. Traffic school eligibility shall be determined by [California Rules of Court, rule 4.104](#). If you are eligible and decide not to attend traffic school, your

Help

driving record and automobile insurance may be adversely affected. For drivers with a non-commercial driver license, one conviction in any 18-month period may be held confidential and not show on your driving record if you complete traffic school. For drivers with a commercial driver license, driving a non-commercial vehicle, one conviction in any 18-month period will show on your driving record without a violation point if you complete traffic school.

Do not attend traffic school unless your courtesy notice tells you that you may be eligible to attend.

A person charged with an infraction who is eligible and wishes to have the case proceed as a misdemeanor (See Pen. Code §§17(d)(1), 19.8) must make a court appearance before attending traffic school to make that election. By attending traffic school without appearing in court to make that election, the person waives the right to proceed as a misdemeanor.
